Academic Advising

Academic advising at McPherson College is an intentional relationship between advisor and student as they plan and reach the student's educational, career, and personal goals. Incoming freshmen are assigned a freshman advisor. Near the end of their first semester, freshmen are assigned a faculty advisor from an area of academic interest. This advisor will help the student plan a program of study consistent with the student's interests and abilities and oversee the student's progress toward completing the plan of study. The faculty advisor also engages students in exploring their long-range occupational and professional goals and directs the student to resources that will help them confirm and achieve these goals.

Disability Services

Students with temporary or permanent disabilities are welcome at McPherson College under the regular admissions requirements. These students are urged to inform the college of their disability and special needs prior to their arrival to allow the college ample time to determine necessary resources and accommodations. All buildings are ADA compliant with the exception of Beeghly Hall. Persons needing assistance may notify the Admissions Office or the Director of the Royer Center for Academic Development located on the main floor of Miller Library.

Healthcare Services

Campus community members have exceptional access to healthcare services. Partners in Family Care maintains a walk-in clinic in Harter Hall. Office visits are free for students and employees, with only lab or technical services being charged to insurance. Client-Centered Counseling also maintains an office and regular hours in the Harter clinic. Up to four counseling sessions are offered to students at no charge.

Career Services

The college recognizes that general life skills such as communication, computation, logical thinking, positive interpersonal relationships, and decision making constitute the major portion of the skills people need to succeed in their careers and in life in general. In collaboration with college faculty and staff, the Career Services Office offers special programs, seminars, and courses that assist students in refining life objectives, career goals, and internships and in making sound educational choices for achieving those goals and objectives. Seminars and workshops are also offered to help students with preparing their résumés and developing the skills needed to secure employment. For additional information, consult the Career Services Office web page.
