*2 hours*

Anatomy and physiology is designed to introduce the student to the science of the body structure and function. Content is presented in a simple to complex pattern which includes the design and function of cells, body systems, and the interdependence of systems. (Fall)

## **PE 280 Care and Treatment of Athletic Injuries**

*3 hours*

The purpose of this course is to provide students with a wide spectrum of information on the care and treatment of athletes and their injuries. It is designed to provide an overview of emergency procedures and on-court assessment of injured athletes. The importance of preventative measures and an overview of the responsibilities of an athletic trainer will be addressed. Preparation and taping for game day will be discussed theoretically and rehearsed practically. Prerequisite: PE 220. (Spring)

#### **PE 288 Psychology and Sociology of Sport**

*2 hours*

This course is designed to expose the student to the principles of psychology and sociology as applied to a sports setting. The purpose being performance enhancement for both players and coaches with the ultimate goal of individual/human enrichment. (Spring)

#### **PE/EE 305 Methods for Teaching Physical Education in the Elementary School**

*2 hours*

This course is designed to introduce prospective elementary school physical education and classroom teachers to the fundamentals, principles, and practices of physical education at the elementary school level. Movement exploration and methods will be stressed in the variety of play activities introduced. Additionally, this course has been designed to integrate theory and concept learning with practical laboratory experiences. Prerequisites: G-CI 150, CI 151. (Spring)

#### **PE 426/CI 426 Methods for Teaching Health in Elementary and Secondary School**

*2 hours*

A course designed to acquaint the student with a variety of methods and modalities for teaching school health. The health problems of the individual school child and his/her environment will also be studied. Students will be videotaped when teaching a lesson. Prerequisites: G-PE 150 or G-PE 170, G-CI 150, CI 151. (Fall)

#### **PE 327 Personal Training I**

*3 hours*

This course is designed to be a two course series which will enable the successful student the tools to pass the ACSM exam in order to become a certified personal trainer (ACSM – American College of Sports Medicine). The first (Fall) course will be primarily theoretical, emphasizing the science of personal training and behavior modification.

#### **PE 329 Personal Training II**

*1 hour*

This course is designed to be a two course series which will enable the successful student the tools to pass the ACSM exam in order to become a certified personal trainer (ACSM – American College of Sports Medicine). This second (Spring) course will incorporate a more practical approach, focusing on client screening and developing exercise programs. Prerequisite: PE 327.

#### **PE 330 Physiology of Exercise**

*3 hours*

This course is designed for future educators, coaches, and a variety of other health professionals including physical therapists, occupational therapists, fitness programmers and other persons interested in his field. This course will provide concepts for safe and sensible conduct of sport and physical education programs as well as any other exercise-based programs. Prerequisites: G-BI 101 or G-BI 106 or G-BI 111, PE 220. (Spring)

#### **PE 340 Leadership in Camping/Recreation**

*3 hours*

This course introduces students to the knowledge and skills necessary for leading safe, successful camping and recreation programs. The class will camp at different sites around Kansas. A fee (in addition to tuition) is required to cover the cost of food and transportation. (On Demand)

#### **PE375 Junior Seminar**

*1 hour*

This course is designed to help students foster relationships with colleagues and other professionals in the learning community for the promotion of health and physical education techniques for learning and teaching. (Fall)

#### **PE 380 History & Philosophy of Sport & Physical Education**

*3 hours (Language Intensive)*

A study of the development of sport and physical education as affected by major historical periods and events. (Fall)

#### **PE/EE 410 Methods for Teaching Physical Education in the Secondary Schools**

*2 hours*

A study of various teaching techniques and analysis of fundamental skills of physical education activities in the secondary school setting. The

course offers an opportunity to explore various teaching techniques in individual, dual, and team activities in the field of physical education for the secondary schools. Prerequisites: PE 110, PE 160, PE 161, G-CI 150, CI 251. (Interterm,)

#### **PE 411 Kinesiology**

*3 hours*

Kinesiology is the study of human motion based on anatomical, physiological and mechanical principles. The study of the human body as machine for the performance of work will be examined from three major areas, mechanics, anatomy and physiology. All students should have prerequisite courses of Principles of Biology and Introductory Chemistry. All students who have met the above requirements are welcome to participate in this course, but it will be taught from the perspective of those going into physical education and/or coaching. Prerequisites: G-BI 101, G-CH 101. (Fall, odd)

#### **PE 450 Organization and Administration of Health, Physical Education and Athletics**

*3 hours*

It is the goal of this course to introduce students to a variety of situations involving organization and administrative skills, and through this process, provide students with a broad range of organizational and administrative alternatives useful in the successful administration of school health, physical education and athletic programs. (Fall, odd)

#### **PE 445 Readings and Research - Health Science**

*1 hour Language Intensive*

This course is designed for the enrichment of a student's study in the discipline either by research on a topic not covered in the regularly offered courses or by research done on or off campus. Students will write an academic research paper on the topic of their choosing and then present this research in a formal setting. This course is only open to seniors in the Physical Education department or seniors in the Health Science major. (Spring)

#### **PE 475 Senior Seminar**

*2 hours*

This is the culminating or "capstone" course for Physical Education majors that do not participate in student teaching. Discussion of current topics in Physical Education and the Allied Health fields would be combined with field experience to give the student a practical understanding of the fields they have chosen to pursue.

#### **Intercollegiate Competition:**

**PE 209 & 309** Intercollegiate Cheerleading (1 hour)

**PE 211 & 311** Intercollegiate Softball - Women (1 hour)

**PE 212 & 312** Intercollegiate Tennis (1 hour)

**PE 213 & 313** Intercollegiate Football-Men (1 hour )

**PE 214 & 314** Intercollegiate Basketball (1 hour)

**PE 215 & 315** Intercollegiate Cross Country (1 hour)

**PE 216 & 316** Intercollegiate Track and Field (1 hour)

**PE 217 & 317** Intercollegiate Volleyball-Women (1 hour)

**PE 219 & 319** Intercollegiate Soccer (1 hour)

**PE 221 & 321** Intercollegiate Baseball (1 hour)

After completing one year of intercollegiate athletic competition, students may enroll in intercollegiate competition (PE 211-21 and PE 311-21) for 1 credit hour, but a maximum of 2 credit hours for intercollegiate competition will count toward graduation. Students who transfer credits are limited to 2 credit hours for intercollegiate competition.

#### **Special Course Options**

**295/495** Field Experience (1-4 hours)

**297** Study Abroad (12-16)

**299/499** Independent Study (1-4 hours)

**388** Career Connections (3-10 hours)

**445** Readings and Research (1-4 hours)
