

# Mathematics Program

## Purpose Statement

The purpose of the mathematics program is to develop students who understand mathematics as an academic discipline, who can use mathematics as a problem-solving tool in other disciplines, and who are skilled in mathematical reasoning, problem solving, critical thinking and communication.

The mathematics program achieves this purpose when its students

- have received a coherent, broad-based coverage of the discipline of mathematics;
- demonstrate conceptual and procedural understanding of mathematics;
- can apply their knowledge to specific, constrained problems and produce solutions;
- possess a foundation of theory that will enable lifelong learning and development;
- meet State Department of Education standards for licensure in the area of mathematics (applies to education majors in mathematics only).

The department offers a major and minor in mathematics. Mathematics is a discipline essential to all facets of the employment world and an excellent background for a variety of specific professions. Secondary teaching licensure is available. Mathematics is also an excellent background for graduate studies in diverse fields.

## Mathematics Major

### Requirements (51 hours of MA courses) including the following:

- G-MA111** Calculus I (4 hours)
- MA112** Calculus II (4 hours)
- G-MA123** Discrete Mathematics (3 hours)
- MA211** Linear Algebra (3 hours)
- MA212** Calculus III (4 hours)
- G-MA221** Elementary Applied Statistics (4 hours)
- MA311** Advanced Analysis (4 hours)
- MA366** Differential Equations (4 hours)
- MA411** Introduction to Algebraic Structures (4 hours)
- MA342** Modern Geometry (4 hours)
- MA375** Junior Seminar (1 hour)
- \*MA475** Senior Project (2 hours)

### Required Supporting courses (all mathematics majors)

- PH205** College Physics I (5 hours)
- PH206** College Physics II (5 hours)

## Mathematics Major for Teacher Licensure

### Requirements (40 hours of MA courses) including the following:

- G-MA111** Calculus I (4 hours)
- MA112** Calculus II (4 hours)
- G-MA123** Discrete Mathematics (3 hours)
- G-MA153** Principles of Geometry (3 hours)
- MA211** Linear Algebra (3 hours)
- MA212** Calculus III (4 hours)
- G-MA221** Elementary Applied Statistics (4 hours)
- MA366** Differential Equations (4 hours)
- MA411** Introduction to Algebraic Structures (4 hours)
- MA342** Modern Geometry (4 hours)
- MA375** Junior Seminar (1 hour)
- \*MA475** Senior Project (2 hours)

### Required Supporting Courses:

- PH205** College Physics I (5 hours)

See Teacher Education Handbook for Curriculum and Instruction course requirements.

## Mathematics Minor

### Requirements (19 hours of MA courses)

**G-MA 111** Calculus I (4 hours)

**MA 112** Calculus II (4 hours)

**G-MA 221** Elementary Applied Statistics (4 hours)

Plus one course from the following list

**G-MA123** Discrete Math (3 hours)

**G-MA153** Principles of Geometry (3 hours)

**G-MA201** Survey of Mathematics (3 hours)

**MA211** Linear Algebra (3 hours)

Plus one course from the following list

**MA212** Calculus III (4 hours)

**MA366** Differential Equations (4 hours)

**MA342** Modern Geometry (4 hours)

**MA411** Algebraic Structures (4 hours)
