

Financial Aid Process

Over 99 percent of McPherson College students receive financial assistance each year from McPherson College scholarships and awards, federal and state programs, work-study programs, and educational loans.

McPherson College has a financial aid awarding policy that considers a variety of factors including academic achievement, participation in co-curricular activities, and financial need. The college's goal is to award enough financial assistance to provide incentive, recognition, and access.

Financial Aid Application Process

To be considered for and receive financial aid, students should take the following steps:

- Submit their Application for Admission and academic transcripts to McPherson College. Students must be admitted to McPherson College in order to be considered for aid.
- Submit the Free Application for Federal Student Aid (FAFSA). McPherson College's priority deadline for FAFSA submissions is March 1 each year. McPherson College's federal school code is 001933.
- Review their Student Aid Report (SAR) and submit verification documentation to the Financial Aid Office. Students whose Free Application for Federal Student Aid (FAFSA) is selected by the Department of Education for verification must complete the Verification Worksheet (Dependent, Independent) and submit official tax transcripts from the IRS for the student and/or parents/spouse. If supporting schedules are required, the college will ask for them separately.
- Await receipt of their Financial Aid Award Notice, which the college prepares and mails/emails, usually within 3-5 working days after their financial aid record is complete.
- Follow the instructions enclosed with the Financial Aid Award Notice by the date indicated to acknowledge acceptance of awards.
- Complete the required application/promissory note if taking advantage of student loan opportunities.
- Complete entrance interview if borrowing direct loans.

Work Study and Employment

All students may apply for on-campus jobs, but students qualifying for the Federal College Work Study program are given priority. These jobs include clerical assistants, maintenance workers, housekeeping, resident assistants, admissions assistants, athletic event staff, etc.

Off-campus employment is usually available to students. The community of McPherson normally enjoys an unemployment rate far below the national average, and there are many requests for part-time student help. The Career Services Offices posts notices of available positions for both on- and off-campus jobs online at <https://www.mcpherson.edu/career/>.
