

Master of Education Degree

The graduate level courses offered by the Curriculum and Instruction Department prepare candidates to grow professionally as service-oriented educators. Choose any of the following options: an ESOL licensure only, SPED licensure only or combine one of those programs with the core graduate courses in education to earn the M.Ed.

These three programs (ESOL licensure, SPED licensure, and the core) are provided by the Department of Curriculum and Instruction and, like the undergraduate Teacher Education Program, are governed by the Teacher Education Board.

Conditional Admission

Candidates not meeting the GPA requirement identified above may be admitted to the program on a conditional status assuming there is reasonable evidence of candidate success. Conditionally admitted candidates must earn a minimum GPA of 3.0 in their first six hours in order to remain in the program.

Licensure Requirements

The Kansas State Department of Education (KSDE) is the licensing authority in Kansas. According to Kansas regulations, the ESOL and SPED endorsements are considered added endorsements and require a teacher to already hold a license in another endorsement area prior to obtaining these endorsements.

Those teachers choosing to add the ESOL endorsement must pass Praxis licensure exam 5362 with a minimum score of 149.

As a general rule, the ESOL endorsement will be added at the level (k-6, 6-12, or pk-12) at which the regular license is held. It is possible, in some cases, to add the endorsement at another level. Please consult the licensure officer (Dr. Kirchner) for details.

It is possible to seek the licensure-only option for the ESOL endorsement for candidates who do not desire the graduate courses or who already hold a master's degree.

A provisional license is available for candidates who have been hired to teach ESOL classes while simultaneously completing the licensure coursework. A provisional license is good for two years and may be renewed once with proof of successful completion of coursework. In order to obtain the provisional license a candidate must 1) already hold a valid teaching license, 2) have completed at least 50 percent of the ESOL program, 3) complete a plan of study, and 4) show proof of employment in the area.

Those students seeking the SPED endorsement must complete the special education content area test, Praxis II. Students will complete the 5355 Special Education Core Knowledge and Mild to Moderate Applications test with a minimum score of 145.

It is possible to seek the licensure-only option for the SPED endorsement for candidates who do not desire the graduate courses or who already hold a master's degree.

Licensure in Kansas

In the state of Kansas, teaching is considered to be a profession. Therefore, the Kansas State Department of Education has a Professional Practices Commission to exercise disciplinary and advisory functions over those requesting licensure or working as a certified professional. Teacher licensure can be denied, suspended, or revoked for both felony and non-felony actions.

McPherson College is in compliance with the federal Title II reporting guidelines.

Student Responsibility

Students are ultimately responsible for following procedures and proper sequencing of events leading to professional development and licensure. It is important for students who plan to enter the Teacher Education Program at McPherson College to contact the chair of the program and/or the appropriate advisor.

Graduate Courses

The core graduate courses are designed around a project-based model in which students identify an area of interest, explore possibilities for change, implement the change, and report the results. Students focus on a perceived problem in their local environment or experiment with a new teaching technique. The courses are sequenced to walk students step-by-step through the project while simultaneously providing the theoretical and practical knowledge needed to make wise decisions.

A sub-thread running through the courses is that of the teacher as leader. Activities built into the courses will help students gain confidence to become better advocates for their students, colleagues, and district.
