

# Pre-Professional Programs

## Law

Although the pre-law student may choose a major in any field, a strong knowledge of either philosophy/religion, sociology (especially criminal justice), or politics/history proves very helpful. Hence one of these three majors is recommended for the pre-law student:

- B.A. in Philosophy and Religion: Pre-Law
- B.S. in Sociology (Criminal Justice emphasis)
- B.S. in Politics and History

Students interested in law should counsel with the pre-law advisor or with the chair of the department of philosophy/religion, sociology, or history/politics. If you are considering law school, then the following courses (if not already required by your major) are excellent elective options.

**BA 215** Business Law (3 hours)

**G-CM 130** Interpersonal Communication (3 hours)

**G-CM 140** Public Speaking (3 hours)

**CM 325** Conflict Communication (3 hours)

**CM 330** Persuasion and Social Influence (3 hours)

**EC 201** Principles of Economics: Macro (3 hours)

**EC 204** Principles of Economics: Micro (3 hours)

**G-HI 140** U.S. History to 1877 (3 hours)

**G-HI 150** U.S. History since 1877 (3 hours)

**G-PR 104** or **G-PR 104L** Ethics (3 hours if G-PR 104; 4 hours and language intensive if G-PR 104L)

**G-PR 107** Critical Thinking (3 hours)

**G-PR 310** Religion and Law (3 hours)

**G-PR 360** Modern Logic (3 hours)

**PR 375B** Junior Seminar: LSAT Prep (3 hours)

**PR 432** Philosophy of Law (3 hours)

**G-PS 102** U.S. Government (3 hours)

**PS 356** American Diplomacy (3 hours)

**PY/SO 308** Counseling (3 hours)

**SO 206** Social Problems (3 hours)

**SO 275** Criminal Justice (3 hours)

## Medicine, Osteopathy, or Dentistry

Students who prepare for application to medical, osteopathic or dental school should complete a baccalaureate degree in any field. The recommended degrees are biology or biochemistry, which provides the best collection of courses suggested by most medical or health professional schools. The required courses include a minimum of the following:

**G-BI 111** College Biology I (4 hours)

**BI 112** College Biology II (4 hours)

**G-CH 111** College Chemistry I (5 hours)

**CH 112** College Chemistry II (5 hours)

**CH 251** Organic Chemistry I (5 hours)

**CH 252** Organic Chemistry II (5 hours)

**BI 310/CH 310** Statistical Data Analysis (4 hours)

**G-PH 215** General Physics I (4 hours)

**PH 216** General Physics II (4 hours)

Other advanced courses recommended include:

**BI 225** Human Anatomy (4 hours)

**BI 315** Human Physiology (4 hours)

**BI 325** Human Ecology, Epidemiology and Public Health (4 hours)

**BI/CH 370** Biochemistry (4 hours)

**BI/CH 373** Cell Physiology/Biochemistry II (5 hours)

A faculty member of the natural science department serves as pre-health advisor and should be consulted when planning a program to meet a specific school's admission requirements.

## Physical Therapy, Physician Assistant

A transition is under way in the physical therapy and physician assistant fields from training that culminates in a master's degree to programs that grant the master's or doctoral degree. Therefore, pre-physical therapy and pre-physician assistant students should first complete a baccalaureate degree at McPherson College. The recommended majors are biology or health science. The recommended courses include a minimum of the following:

**G-BI 111** College Biology I (4 hours)  
**BI 112** College Biology II (4 hours)  
**BI 225** Human Anatomy (4 hours)  
**BI 315** Human Physiology (4 hours)  
**G-CH 111** College Chemistry I (5 hours)  
**CH 112** College Chemistry II (5 hours)  
**G-PH 215** General Physics I (4 hours)  
**PH 216** General Physics II (4 hours)  
**BI/CH 310** Statistical Data Analysis (4 hours)

A faculty member of the natural science department serves as pre-health advisor for biology majors. The director of the health care initiatives serves as advisor for health science majors. These advisors should be consulted when planning a program to meet a specific school's admission requirements.

## Optometry, Podiatry

Three years of college are the minimum requirement to be considered for admission to optometry or podiatry school; however, the vast majority of students admitted have completed a college degree, majoring in one of the sciences. The recommended degree at McPherson College is biology, which provides the best collection of courses suggested by most health professional schools. The basic admission requirements in the sciences may usually be met with the following courses:

**G-BI 111** College Biology I (4 hours)  
**BI 112** College Biology II (4 hours)  
**G-CH 111** College Chemistry I (5 hours)  
**CH 112** College Chemistry II (5 hours)  
**CH 251** Organic Chemistry I (5 hours)  
**CH 252** Organic Chemistry II (5 hours)  
**BI/CH 310** Statistical Data Analysis (4 hours)  
**G-PH 215** General Physics I (4 hours)  
**PH 216** General Physics II (4 hours)

Other advanced courses recommended include:

**BI 225** Human Anatomy (4 hours)  
**BI 234** Microbiology (5 hours)  
**BI 315** Human Physiology (4 hours)  
**BI/CH 370** Biochemistry (4 hours)

A faculty member of the natural science department serves as pre-health advisor and should be consulted when planning a program to meet a specific school's admission requirements.

## Pharmacy

Students preparing for a career in pharmacy may attend McPherson College for at least two years during which the following courses must be taken: 20 hours chemistry, 16 hours biology, four hours mathematics, four hours physics, and 16 hours English, economics, and other electives in the social sciences and humanities. A faculty member of the natural science department serves as pre-health advisor and should be consulted when planning a program to meet a specific school's admission requirements.

## Social Work

McPherson College has well prepared its students majoring in the Behavioral Sciences for entrance into Master of Social Work (M.S.W.) degree programs. The pre-professional program at McPherson College commits itself to fostering student learning in career-oriented liberal arts so that students are prepared for community service and/or graduate study in social work. Students who have acquired knowledge and skills requisite for entry into the field of social services and graduate social work education demonstrate proficient knowledge, understanding, and application of psychological and sociological theories and concepts.

All accredited graduate programs in social work require a four year bachelor's degree for admission. The pre-social work student should plan the liberal arts program to include courses in arts and humanities, social and behavioral sciences, and biological sciences. Although the pre-social work student may choose a major in any field, a strong knowledge of human services, personality theory, counseling, and social problems is strongly recommended. The B.S. in psychology or sociology, with the health and human services emphasis is recommended.

M.S.W. programs require evidence of relevant paid/volunteer work experience related to human services organizations. The pre-social work student should therefore be prepared to complete at least one internship or field experience related to community/social services. (The College's Career Connections program is highly recommended.)

The M.S.W. Degree prepares graduates for advanced social work practices in one of three areas—*clinical social practice* with individuals, families, and groups; *social work administration/community* practice aimed at social service administration and social policy development; and school social work. With such diverse professional practice concentrations, it is difficult to outline a generic program to prepare all pre-social work students for admission to these practice areas. Students should counsel with the pre-social work advisor to help them identify the type of professional program they are considering, and to assist them in developing a plan for completing the graduate admission requirements of that program. internship or field.

Although M.S.W. programs differ in admissions requirements, the following courses, in addition to the major, are recommended for students interested in entering the social work profession at the graduate level:

**PY 405** Personality Theories (3 hours)

**PY/SO 308** Counseling (3 hours)

**SO 206** Social Problems (3 hours)

Courses in the Health & Human Services Emphasis:

**SO 260** Introduction to Human Services (3 hours)

**SO 365** Social Work in American Society (3 hours)

**PY 430** Health Psychology (3 hours)

**SO 470** Social Gerontology (3 hours)

**PY/SO 388** Career Connections (1-10 hours)

**PY/SO 295/495** Field Experience (1-4 hours)

## Veterinary Medicine

At least two years of college are required to be considered for admission into a college of veterinary medicine; however, the vast majority of students admitted have completed a college degree, majoring in one of the sciences. The pre-veterinary medicine student will plan an appropriate course of study with the help of a faculty advisor. Courses are selected to meet requirements of the specific college of veterinary medicine to which the student plans to apply. The following courses are representative of those required by colleges of veterinary medicine for students seeking admission:

**G-BI 111** College Biology I (4 hours)

**BI 112** College Biology II (4 hours)

**BI 234** Microbiology (5 hours)

**BI 383** Genetics (4 hours)

**G-CH 111** College Chemistry I (5 hours)

**CH 112** College Chemistry II (5 hours)

**CH 251** Organic Chemistry I (5 hours)

**CH 252** Organic Chemistry II (5 hours)

**BI/CH 370** Biochemistry (4 hours)

**G-PH 215** General Physics I (4 hours)

**PH 216** General Physics II (4 hours)

It is common for pre-veterinary medicine students to complete the bachelor of science degree before applying for admittance to veterinary school. A student electing to do so should pursue one of the programs at McPherson College that lead to a major in biology, chemistry, or biochemistry.
